

Royal Cornwall Show 2019 Report for RBG AGM 23rd January 2020

The theme for the 2019 Honey tent at the Royal Cornwall Show was the Beekeeping Year. Roseland Beekeepers manned the Winter stand which included candle making and examples of beeswax polish, hand cream kindly lent by Patrick and Diana Wharton as products made during the winter months. There was also a hive in Winter mode on display, and of course candle rolling which proved to be as popular as ever with young and old at the show, 200 plus candles were rolled over the three days.

The Roseland Group kindly provided polo shirts for all the volunteers and an ice-cream fund which of course was not required due to the chilly weather and pouring rain on the Friday!

Grateful thanks to John, Nichola, Marcus, Robin, Julian, Patrick, Diana and Ian for setting up, helping at the show and listening to my moaning!

This year we have the Summer section of the Beekeeping year, any ideas gratefully received.
